About the Expo

Welcome to the 1st India Foundry & Cast Expo! This premier event is dedicated to showcasing the latest innovations, technologies, and market trends in the foundry and casting industry. With a comprehensive range of exhibits, informative sessions, and networking opportunities, the expo offers an unparalleled platform for industry professionals, manufacturers, suppliers, and enthusiasts to connect, learn, and grow. Join us for three days of exploration, collaboration, and business development.

Market Overview

The foundry and casting industry in India plays a crucial role in the manufacturing sector, serving industries such as automotive, aerospace, construction, and more. With a growing demand for high-quality products and components, the industry is witnessing rapid advancements in technology and processes. The 1st India Foundry & Cast Expo is the perfect platform to stay updated with the latest market trends, explore new business prospects, and understand the industry's future trajectory.

Why Exhibit

Exhibiting at the 1st India Foundry & Cast Expo offers numerous benefits:

- Showcase your products, services, and innovations to a targeted audience of industry professionals, decision-makers, and potential buyers.
- Increase brand visibility and gain recognition as a key player in the foundry and casting industry.
- Network with industry experts, researchers, and policymakers to exchange ideas, experiences, and knowledge.
- Access new business opportunities, forge strategic partnerships, and expand your market reach.
- Stay updated with emerging trends, technologies, and best practices through informative sessions and exhibitions.

Who Should Exhibit

The expo welcomes participation from a wide range of companies and organizations involved in the foundry and casting industry, including:

- Foundry and Casting Equipment Manufacturers and Suppliers
- Material Suppliers
- Testing and Quality Control Equipment Providers
- CAD/CAM Solutions Providers
- Software and Automation Companies
- Casting Process and Technology Providers
- Raw Material and Alloy Suppliers
- Environmental and Waste Management Solutions Providers
- Casting Job Shops and Contract Manufacturers
- Research Institutions and Academic Organizations

Who Should Visit

The 1st India Foundry & Cast Expo attracts visitors from various backgrounds within the foundry and casting industry, including:

- Foundry and Casting Professionals
- Engineers and Technicians
- Industry Executives and Decision-makers
- Product Designers and Developers
- Researchers and Academics
- Industry Associations and Trade Bodies
- Government Officials and Policymakers
- Technology Enthusiasts and Students

Exhibitor Profile

The expo provides a platform for companies and organizations involved in the foundry and casting industry to showcase products, services, and innovations such as:

- Foundry and Casting Machinery
- Molding and Core Making Equipment
- Melting and Pouring Equipment
- Sand Conditioning and Reclamation Systems
- Pattern and Mold Making Technologies
- Quality Control and Testing Equipment
- Raw Materials and Alloys
- Casting Design and Simulation Software
- Environmental and Waste Management Solutions
- Additive Manufacturing Technologies
- Casting Job Shops and Services

Visitor Profile

The expo attracts a diverse range of visitors from the foundry and casting industry, including:

- Foundry and Casting Professionals
- Production Managers
- Engineers and Technicians
- Quality Control Personnel
- Research and Development Specialists
- Procurement Managers
- Operations Managers
- Academics and Students
- Government Representatives and Policymakers
- Industry Associations and Trade Bodies
